**Need to purchase the special extension cables separately*

DESCRIPTION

360° Video Monitoring
+
Dash Camera Recording
+
Driver Fatigue & Distraction
Monitoring

The FL-460 is an advanced compact all-in-one DVR with AI processing.

Live fleet tracking with live video streaming (both current and historic) from up to 5 cameras.

Up to 4Tb in encrypted and password protected SSD storage, plus optional additional 1Tb storage (2x 512Gb) in the dual SD card slots for extra storage.

Tamper proof lockable hard disk tray and instant alerts for tampering with or covering any of the cameras or wiring.

Get instant SMS / Email alerts for speeding, harsh driving, acceleration, etc.

Alarm inputs for instant duress alerts or input monitoring like PTO engagement.

Supports OBD / CANBUS integration for live tracking of engine data (Fuel usage, RPM & fault codes).

Compatible with the BSD (Blind Spot Detection) and AI Fatigue and Distraction monitoring add-on.

"2+2" AI capabilities for Easy AI Expansion
